

Mortar Board Presents First Address in Series

by Sandra Sweadner

• DR. MYRON L. KOENIG will open Mortar Board's Last Lecture series tomorrow night at 8:30 in Lisner lounge.

Mortar Board, senior women's honorary, has planned five lectures for this year's series. Each speaker is asked to give the lecture he might present at his last appearance before a class.

Dr. Koenig was dean of the Junior College from 1945 until 1954, when he was granted leave of absence to take a position as cultural attache at the U. S. embassy in London. The former dean returned to the University this fall as professor of American history.

Of the University he says, "The opportunity to teach at George Washington University, situated as it is within a community of international significance, is a... challenge which I have missed these two years, and I cherish the opportunity to regain this... experience."

Work In England

While in England, Dr. Koenig was chairman of the Fulbright commission for the United Kingdom. In this capacity he was involved with the exchange of graduate students and professors between British and American universities. He was thus able to "keep a finger in the University pie."

The job of attache took Dr. Koenig into every phase and level

Union Board Petitions

• PETITIONS ARE NOW open for membership on the Student Union Board. Blanks are available in the student activities office in the Student Union annex. Deadline for petitions is 5 p.m. October 26.

of society, from aristocracy and royalty down to the lives of the peasants and fishermen. This aspect of his work Dr. Koenig called "unbelievably rich in human and professional experience."

Graduated In Iowa

A graduate of Grinnell College in Grinnell, Iowa, the newly returned professor took his master of arts and doctor of philosophy degrees from the University of Iowa. He received his Ph.D. in 1938, with majors in British and American history and a minor in political science.

In 1945 Dr. Koenig left his position as associate professor of history at Coe College, Grand Rapids, Iowa, to accept the deanship of the University's Junior College. When he became dean, Dr. Koenig introduced to the University a course in political geography.

Three Enter Nov. Court Competition

• GEORGE COULTER, Charles Solomon and Phillip Connor will represent the University in the national Moot Court competition.

The team was selected from a field of twelve competitors in the Van Vleck Case club finals last week in the School of Law. Runner-up was Mrs. Phillip Connor.

Chief judges were David B. Weaver, William T. Mallison and John P. Burke, associate professors of law. The contestants argued the subject, "Are present legal insanity tests sufficient to determine guilt?"

The University team will meet Catholic University in the next round of the regional competition November 5. American University meets Howard University in the other round to be held that evening.

Groups Tardy With Blanks

• TWENTY-EIGHT campus organizations had not submitted membership forms to the student activities office as of last Friday night, according to student activities assistant Jane Rosenberger.

Deadline for submitting forms has been extended to 5 p.m. this Friday. Groups whose blanks are still outstanding after this deadline will be placed on automatic probation for the remainder of the semester by the Student Life Committee.

Forms were mailed to all student organizations several weeks ago. Additional blanks are available in the activities office in the Student Union annex.

Groups whose forms have not been received by the office are Alpha Omega Alpha, national medical honor society; Alpha Zeta Omega, professional society for men in pharmacy; Art club, Case club and Christian Science organization.

Also, Delta Phi Epsilon, foreign affairs group for men; Delta Theta Phi, legal fraternity; Fencing club; Hillel foundation and Kane-King society, obstetrics honorary.

Honorarys Included

Also, Kappa Alpha, social fraternity; Kappa Beta Pi, legal sorority; Kappa Psi, pharmaceutical fraternity; Nu Beta Epsilon, legal fraternity; Percolator, pharmacy school newspaper, and Phi Alpha Delta, legal fraternity.

Also, Phi Delta Kappa, professional education fraternity; Phi Delta Phi, legal fraternity; Phi Sigma Sigma, social sorority; Pi Gamma Mu, national social science society; Pi Lambda Theta, honor society for women in education, and the Rowing club.

More

Also, Sigma Alpha Epsilon, social fraternity; Sigma Xi, science fraternity for graduate students and faculty members; Smith-Reed-Russell Society, medical school scholastic society; Society for the Advancement of Management; Spanish club and the William Beaumont Society, medical group.

Adm. R. E. Wilson Addresses S. A. M.

• REAR ADMIRAL RALPH E. WILSON will be guest speaker at the meeting of the Society for the Advancement of Management to be held at 8 p.m. Friday in Woodhull house.

Rear Admiral Wilson is assistant chief of Naval operations and director of the Navy's general planning group. His topic will be "Navy Budget Planning."

Previous to his present assignment, Rear Admiral Wilson commanded Cruiser Division Three. He served as deputy commander and chief of staff for the Military Sea Transportation Service, with headquarters in Washington.

His World War II duty included command of the U.S.S. Buchanan. Rear Admiral Wilson has been awarded the Navy Cross, two Bronze Star medals and three awards of the Legion of Merit for World War II duty.

DR. MYRON L. KOENIG
Last Lecture Speaker

Dr. Marvin Gives Degrees This Sat.

• 452 DEGREES WILL be conferred at the Fall Convocation of the University, to be held in Lisner auditorium at 8 p.m. Saturday.

University President Cloyd H. Marvin will deliver the charge to the graduates and confer the degrees. Dr. Frederick Heissig, executive secretary of the Washington Federation of Churches, will serve as chaplain of the Convocation, giving the invocation and benediction. Dr. John F. Latimer, University marshal and dean of the College of General Studies, will preside.

Mrs. Rhoda C. Latimer, wife of Judge W. Latimer of the U. S. Court of Military Appeals, will be awarded a Bachelor of Arts degree in education at the Convocation. Mrs. Patricia Towner Markle, daughter of Rear Admiral George C. Towner, will receive a Bachelor of Arts degree in history.

Two of the graduates will have family ties to the University. They are Ellen E. Kraus, daughter of Dr. Wolfgang H. Kraus, professor of political science, who will receive an Associate in Arts degree, and Mrs. William G. Clubb, whose husband is an assistant professor of French, will receive a Bachelor of Arts degree in English.

Last year's star quarterback for the University Colonials and present freshman football coach, Bob Sturm will receive his Bachelor of Arts degree in sociology. Mr. Sturm was recently commissioned as a second lieutenant in the Air Force Reserve.

Committee Selects 'Who's Who' Soon

• APPLICATION FOR SELECTION TO "Who's Who Among Students in American Colleges and Universities" will be accepted through October 25 in the student activities office in the Student Union annex.

Any senior having a minimum quality point index of 2.0, who has shown outstanding leadership in University activities, athletics or scholarship, is eligible for selection to "Who's Who."

Campus organizations may submit applications for any members whom they consider worthy of selection. An individual student who feels he meets "Who's Who" qualifications may submit a personal application. All applications must be submitted in duplicate. Forms are available in the activities office.

The Student Life committee will select the students who will represent the University in the national listing.

Homecoming Floats Show Events in G. W.'s History

• THE 1956 HOMECOMING parade and float competition will start from the University parking lot at 2 p.m. Friday, Oct. 26.

The "Parade through the Past" theme will feature floats with slogans centering around events or groups of events in the University's history.

Entrants will be divided into three categories: social fraternities, social sororities and co-ed and independent organizations. First and second place trophies will be awarded in each division. Floats are to be judged on presentation of theme, workmanship and originality of design.

Parade vehicles will start from the parking lot, at 24th and H

sts., n. w. From there the parade will move north on 24th to K, east on K to Washington Circle, around the circle to Pennsylvania ave., east on Pennsylvania to 21st, south on 21st to H west on H to 24th and back to the parking lot, where it will disband.

Tom Topping, parade chairman for the Homecoming committee, has announced that for the first time the cavalcade has been authorized to cross and go down Pennsylvania avenue.

Judges will be selected from the University faculty, the faculty of a neighboring university and Washington area celebrities.

The Homecoming schedule will open with the annual pep rally and variety show, to be held at 8:30 p.m., October 25, in Lisner auditorium. The Homecoming football game pits the Colonials against William and Mary October 26 at 8:15 p.m. in Griffith stadium. Fraternity open houses will follow the game.

The annual alumni buffet luncheon will be held October 27 at 12:30 p.m. in Lisner lounge. The Homecoming symposium, featuring faculty members from the departments of history and political science, discussing "The American Presidency," will begin at 2 p.m., October 27, in Lisner auditorium.

Highlighting the weekend will be the annual Homecoming Ball,

Lenders Beware!

• THE UNIVERSITY TREASURER'S office repeats the following announcement: 1) Student activity books must be presented at the gate for admission to any University athletic contest; 2) every book must be signed in ink, and the owner must present some valid form of identification with his book in order to gain admission; 3) BOOKS ARE NOT TRANSFERABLE; 4) any person unable to identify himself as legal owner of the activity book he is using must forfeit that book. Students who forfeited activity books at the October 5 football game with Hardin-Simmons may obtain them in the treasurer's office upon presentation of identification. Books forfeited in the future will not be returned.

held at the National Guard Armory October 27 from 9 p.m. to 1 a.m. The Ball will feature the coronation of the 1956 Homecoming Queen.

McIntyre and his orchestra will play with Jack Morton's orchestra furnishing intermission music.

Gate and Key, fraternity men's honorary, and Omicron Delta Kappa, national men's leadership honorary, will tap new members at intermission, and the Homecoming float parade trophies will be awarded.

Decorations will carry out the 1956 Homecoming theme, "Parade Through the Past." Large photographs of past Homecoming Queens will be displayed against velvet backdrops.

Tickets for the Ball are available through the student activities office in the Student Union annex. Prices are \$6.00 per couple, \$3.00 per individual. Students holding Campus Combos are admitted free, and are given a 50-cent reduction on a second ticket.

Al Rode Gets Director Job

• AL RODE WAS elected Student Council freshman director in a special all-University election last Wednesday.

Mr. Rode received 190 of a total 345 votes cast. Tessi Tsangaris received 109 votes and Helen Niles polled 46.

The new freshman director was sworn in at the regular Student Council meeting last Wednesday night. His duties include chairmanship of the annual Activities Fair, to be held this year on February 15 in Lisner auditorium.

A Korean veteran, Mr. Rode has served as Junior College chairman of the Fair, editor of the literary magazine and rush chairman of the Interfraternity Council. He is a member of Alpha Theta Nu, scholarship holders' service organization, Alpha Epsilon Pi fraternity and on the senior staff of the University HATCHET.

Mr. Rode assumed the office formerly held by Myra Little. Miss Little announced her resignation as Council freshman director at the end of the fall orientation program.

Senior Tests Set On Dec. 8

• GRADUATE RECORD examinations will be administered at the University on December 8 and April 13, the registrar's office announced this week.

These examinations are required of all candidates for AB and BS degrees from the Columbian College, AB degrees from the School of Government, BCE, BEE, BME and BS degrees from the School of Engineering, and AB degrees from the College of General Studies.

The tests are offered as a part of a nationwide program administered by the Educational Test-

Co-Chairmen Chosen

• THE STUDENT COUNCIL Sunday afternoon selected Ray Garcia and Ed Crump as co-chairmen of this year's Career Conference, and Ed Turko and Meredith Eagon as co-chairmen of Winter Weekend.

ing Service of Princeton, New Jersey. They include an examination of general scholastic ability and advanced level tests of achievement in sixteen different subject matter fields.

A bulletin of information, which includes an application form, provides details of registration and administration and sample test questions. This bulletin may be obtained through the office of the registrar in building C.

Job Jots

12-Year-Old Needs Part Time Playmate

- **FULL TIME**
- **ASSISTANT TO VICE PRESIDENT**—Of match company. Work will involve a fair amount of clerical work initially. Job in Baltimore. Typing helpful. Salary open.
- **DICTATIONIST**—For news bureau. Journalism students preferred. 9:00 to 6:00 or 2:00 to 10:00. \$53 for 5 days. Overtime possible.
- **GROUP LEADER**—For neighborhood center. Will work with 8-10 year olds. Will plan play programs. \$3,000.
- **INTERVIEWER**—For all salaried personnel at a large government servicing unit. Must be under 35 years. Will work early mornings (7:00 a.m.) \$3670.
- **MAIL CLERK**—For political organization. Job lasts through November election. 9-5. \$1.00/hr.
- **SECRETARY**—Must have status. Legal experience helpful. General Counsel's office of nearby government agency. GS 5.
- **TRAINEE**—In railroad statistical work. B.A. in Economics or Business Administration. Should have had some advanced math, statistics or cost accounting. Person will learn to testify before the Interstate Commerce Commission and other regulatory bodies. \$500 to \$625 per month.
- **PART TIME**
- **STENOGRAPHER**—For local foreign fellowship office. 24-25 hours per week. \$1.75/hr.
- **RELIGION MAJOR**—To work with young people, plan and supervise church program on Sunday. Up to \$50. Sunday morning and evening work.
- **COMPANION**—To 12-year old boy. Two hours a day for 5 days; two months or so. \$1.50/hr.
- **TYPIST**—And telephone work at local florist. Hours flexible between 9:00 and 6:00. \$1.00/hr. Hours can be expanded as Christmas approaches.
- **PLEASE NOTE: FOREIGN SERVICE EXAM WILL BE DISCUSSED ON THURSDAY THE 18th AT 11:30 in ROOM 100 of MONROE HALL.**
- **ATTENTION STUDENTS:** The Placement office maintains an "odd-job" file. We need science tutors, particularly math and physics. If you have a real talent in these areas, please list with us. Also, we have a number of live-in jobs. Let us hear about your special skills, whether it be piano playing, baby-sitting, bar-tending or whatever!

Judging Standard Adds Activities

• **EXTRA-CURRICULAR** activities are a newly added factor in the list of qualifications for Homecoming Queen candidates.

In past years, girls have been rated on physical attractiveness and personality alone. The added criterion will give the judges a broader perspective in judging each candidate's suitability, according to Queen's committee chairman Bette Kolonia.

Scheduled to judge the candidates, who are nominated by campus organization, are Patty Cavin, women's fashion commentator for WRC-NBC-TV; Evelyn Knight, singer, and Irving Lichtenstein, publicity and production director for WWDC and associate director of the Miss Washington contests since 1949.

The judging process will include the personal appearance of each candidate before the judges to be rated on beauty; individual interviews with the judges, and consideration of each candidate's activities.

Judges will score a maximum of seven points per entry in each category. On the basis of these scores, the five finalists will be selected. They will be announced at the Homecoming pep rally and variety show October 25, and students will choose the queen in an all-University election the following day. She will be announced and crowned at the Homecoming Ball October 27.

Navy Doctor Joins Medical Staff Here

• **REAR ADMIRAL LAMONT M. Pugh**, former Navy surgeon general and commanding officer of the National Naval Medical Center, has been appointed a University physician.

Rear Admiral Pugh was first commissioned in the naval service in 1923, after receiving his M.D. from the University of Virginia Medical School. He attained the rank of rear admiral in 1946, when he was designated deputy and assistant chief of the Bureau of Medicine and Surgery by the Secretary of the Navy.

Boosters Sponsor Rally And Contest

• **A PEP RALLY** and car decoration contest, sponsored by Colonial Boosters, are scheduled for this Friday, preceding the weekend football game.

The rally is to be held at 12:30 p.m. on Monroe terrace. Five Booster book numbers will be drawn, and students present who own the winning books will receive University mugs.

Judging for the car decoration contest is scheduled for 5:30 p.m. at the University parking lot. Sororities and fraternities will compete for first, second and third places, with Booster points as prizes.

Reserved seats in the Colonial Booster section at coming football games will be held only for ten minutes after the kickoff.

Meanwhile, Booster books will be on sale in the Student Union lobby through Friday. The booth will be open today and Thursday, 9 a.m. to 1 p.m. and 5 to 6 p.m., and tomorrow and Friday, 9 a.m. to 12:30 p.m. and 5 to 6 p.m.

Late in 1950 he was nominated as Surgeon General of the Navy by President Truman, and his appointment was confirmed by Congress in January, 1951. He filled the post four years and then became Inspector General for the Navy's Department of Medicine.

He assumed command of the National Naval Medical Center in Bethesda in 1955, and held that position for a year. He retired from the Navy last August.

Medical Affiliations

Rear Admiral Pugh is a Fellow of the American College Surgeons and of the American Surgical association; chairman of the committee on military medicine of the American Medical association; a member of the Association of Military Surgeons, and an honorary member of the Medical society of the District of Columbia, the Washington Academy of Surgery and the Academy of Medicine of Washington. His professional affiliations include many other medical colleges, boards and associations.

Honorarys

A former member of the Board of Governors of the American Red Cross, Rear Admiral Pugh is a member of Alpha Omega Alpha, national medical honorary; Phi Beta Kappa, national scholastic honorary and Omicron Delta Kappa, national leadership honorary fraternity. He holds the honorary degree of Doctor of Laws from Wagner College.

Student Health Program

Rear Admiral Pugh will participate in the student health programs of the University health administration, under the direction of Dr. Richard B. Castell. The department maintains a student health clinic, located in building P, where a University physician and a graduate nurse are on duty.

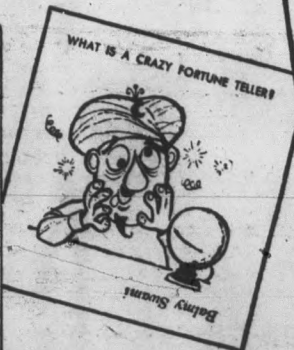

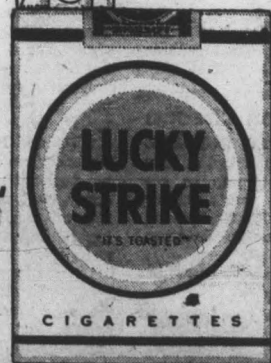

Sticklers!

HERE'S A STICKLER!
WHAT IS A JAIL AT LIGHT-UP TIME?
(SEE PARAGRAPH BELOW)

IF YOU HAVE recently become a smoker (duffer puffer), ask any old-hand Lucky smoker (prudent student) why he settled on Luckies. Bet anything he says they taste better. You see, Luckies' fine, light, naturally good-tasting tobacco is **TOASTED** to taste even better... cleaner, fresher, smoother. So, when it's light-up time, light up a Lucky. You'll say it's the best-tasting cigarette you ever smoked. Okay—what is a jail at light-up time? Answer: Smoky Pokey. Isn't that criminal?

"IT'S
TOASTED"
to taste
better!

**DON'T JUST STAND THERE...
STICKLE! MAKE \$25**

Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (No drawings, please!) We'll shell out \$25 for all we use—and for hundreds that never see print. So send stacks of 'em with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mount Vernon, N. Y.

DON'T DELAY

You may win \$5,000

in The Reader's Digest \$41,000 College Contest. You can match wits, too, with other students in colleges across the country. Just list, in order, the six articles in October Reader's Digest you think readers will like best! That's all there is to it—and you can win a big cash prize for yourself plus scholarship money for your college.

Better act fast, though... the contest closes at midnight, Oct. 25.

Get an entry blank now at your college bookstore.

Who's Who?

• EACH YEAR the University selects a certain number of students for representation in "Who's Who in American Colleges and Universities." The number to be selected is determined on the basis of total school enrollment.

Who's Who was conceived 23 years ago to fill the "need" of "creating one national basis of recognition for college students." It may be argued by some that such a need never has existed and does not now exist.

At this University, the Student Life Committee decides who shall be our student leaders after receipt of petitions filed by hopeful candidates.

Last year the University was assigned a quota of 33. But it was decided that 33 would not be enough so a petition was made for a 34th place. Our petition was accepted and we had 34 leaders—no more, no less.

The HATCHET feels that there are several things lacking in our selection of Who's Who representatives.

The basis for determining the quota is faulty. Our total enrollment is high, but the number of students who actively participate in activities is not high. It seems that, for the University, the quota should not be determined on total enrollment but rather on the number of full-time day students, the students who contribute the most to activities.

When the quota has been determined, there is a feeling on the part of the Student Life Committee that all the places must be filled. But what if there aren't enough students who are deserving? Will the places be filled with students who have done nothing outstanding? That is what happened in past years.

When students who aren't deserving are selected for Who's Who it immediately detracts from the honor that should be accorded to the deserving leaders. It makes Who's Who more of a joke than an honor.

If the University is going to select students for Who's Who, we suggest that the students selected be students who merit selection. If our quota isn't filled, it won't make any difference. The students will know that their leaders, and only their leaders, have been recognized and Who's Who on this campus will cease to be a farce and start to be an honor.

Food For Thought

• WHAT WOULD a professor say to a class if it were to be the last time he appeared before them?

Dr. Myron L. Koenig, recently returned to the University after serving as Cultural Attache to the American Embassy in London, will answer that question tomorrow night in this year's first lecture in the Mortar Board-sponsored Last Lecture series.

Mortar Board started the Series last year in an attempt to introduce into the University roster a more thought-provoking program than is usually presented. It seemed that there were so many activities on this campus which had singing and dancing as their mainstay that more academic entertainment was needed. Mortar Board sought to fill this need by the introduction of a group of lectures by outstanding University professors.

The Series received its name because each professor is asked to give the lecture he would give if it were to be the last time he would ever appear before a class. The results have been entertaining, interesting and rewarding.

The Last Lecture Series was comparatively well received by the student body last year. It has been proved many times on this campus that an activity, no matter what its nature, will gain interest and appeal after its first year.

This year it's up to us, the University students, to show that a series of this type has a place on our campus. We must prove that we are able to enjoy and absorb a higher type of entertainment.

We can only do this by attending all the Last Lectures, starting with the first tomorrow night at 8:30 in Lisner lounge.

Homecoming '56
Heads Dick's List

by Phyllis Grossman

• "WAITING FOR HOMECOMING this year is like waiting for Christmas morning," says Dick Jamborsky, co-chairman of the 1956 Homecoming weekend.

Dick's job, and that of his able accomplice Bev Borden, is to co-ordinate all the functions of the weekend, which include the pep rally, float parade, symposium, half-time activities at the football game and "finally" the Homecoming Ball.

Highlight of Weekend

"This year, I feel that the highlight of the weekend will come when the University wins its first homecoming game since I've been here," and we all hope Dick's optimism turns out to be realism. Hailing from Savannah, Georgia, where he claims to be the only Republican, Dick is majoring in American Thought and Civilization with plans to go on to Law School.

His talents as a speaker have made Dick a very prominent member of the debate team, and have enabled him to win the Eastern Forensic, a speaking contest, and the Phi Sigma Kappa speaking award.

With the same ease and composure he displayed in his speeches, Dick very successfully handled the office of Junior College representative to the Student Council in his sophomore year. He has also been an active member on Old Men's executive board for two years.

Social activities also play a major role in Dick's life at the University. As pledge trainer of Delta Tau Delta; Dick summarizes his duties as "an opportunity to be kidnapped twice a year."

Future plans? Well, Dick is having difficulty deciding whether to give up his aspirations of becoming the first Republican governor of Georgia, or to stay in Washington and teach American history.

Council
Capers

by Rhoda Ezrin

• WINTER WEEKEND and Career Conference co-chairmen were chosen by the Student Council last Sunday at a special meeting. Meredith Eagon and Ed Turco were selected to act as co-chairmen of the 1957 Winter Weekend and Ray Garcia and Ed Crump as co-chairmen of the Career Conference.

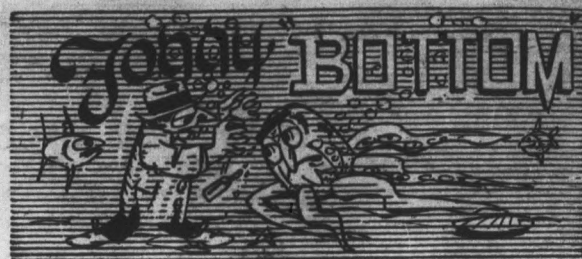

Member-at-large Herb Silver, chairman of the senior prom organization committee, announced that the 1957 senior prom will be held at Arlington Towers. He stated that the room will hold 600 people and that the cost of tickets would be approximately \$4.70 per couple. The Alumni association is helping to underwrite the cost of the dance. Petitions for senior prom co-chairmen are being accepted through October 26 in the student activities office.

Petitions for the co-editorship of the Student Handbook are being taken through October 23. As this is one of the most vital organs of the University, the Council is hoping that more students will petition for the positions.

The presidents of Student Councils of eight area high schools are being invited to a meeting late this month to plan the first Student Council Day at the University. Program director Kathy Denver is inviting representatives from Eastern, Western, Wilson and Coolidge high schools in the District, and from Montgomery-Blair, Bethesda-Chevy Chase, Wakefield and Washington-Lee high schools in the suburbs. The Student Council Day itself will be held in December, and will incorporate the Councils of all area high schools.

The Council voted to hire the "Twilighters" band for the social dance to be given November 2 in the Union. The dance will be sponsored by the Columbian College, in conjunction with the activities director, Doris Rosenberg.

The next regular meeting of the Student Council will be next Wednesday, October 24 at 8:30.

by Hester Heale

• HEIGH, HO and it's exchange time again. Time for gin and juice, time for non-alcoholic (vodka) punch. . . .

Back to my tomato juice and column. The Sigma Chi's really went gung ho and had two sororities over to their house for a gala exchange as Sigma Kappas and Kappa Deltas (and Sigma Chis) danced the afternoon away.

Pi Phi pledges, led by captain Nancy Oldham, romped away to a 12-0 football victory over luckless (and scoreless) Phi Sigs. A party back at the Phi Sig house finished off the afternoon with hot dogs, marshmallows, beer, et al.

Delta Gammas and Pikes exchanged, while on down G Street Chi Omegas were entertained by the Sigma Nus. High point in the latter came when the boys serenaded ex-Sigma Nu Girl Charlene MacDonald with "White Star of Sigma Nu" (what other white star is there?).

This serenading bit is getting to be a habit with the Sigma Nus. Last occasion was the pinning of Nick Smart to Theta Gale Shaver, when the boys turned out en masse on a Monday (sorority meeting) night.

Meanwhile, on the party scene, the Sigma Nus held a Poor Taste Party, and I have it on good authority that Roy Barnard was certainly in "poor taste!"

TEPs had a blast in a nautical vein. Caught in the sea-nets were Herb (Hi-Ho) Silver and Zelda Kraft, Marty Zipern and Ruth Herman, Harvey Press and Phyllis Fox, Hal Bornstein and Nancy Scher, and newlyweds Neil and June Freishman.

Champagne was had at the Phi Alpha house, as well as music by Sheldon Litt and his band, while Irwin Ruben and Linda Tanklow, Paul Gerner and Billy Mae Smith, Warren Danick and Charlotte Brem, Dick Beyda and Ronnie Trattler, and many more made merry. Hic, hic.

Another weekend party, this one in honor of pledges, was thrown at the Sigma Chi house last Saturday, with Indian signs

(and Al Pope insisting that Jake Holtzer sit at least five people away from his date next time . . . wonder why?) and a great performance by that virtuoso of the player piano, pledge Mike Sullivan, and date Kappa pledge Kay O'Berg. Other notables present were Paul Welch and Kappa Phyllis Charnly, Hal Bergem and Pi Phi Vick Powers, Tom Kilpatrick and Rita Bailey, Andy Gabor and DG Anne Bageant, Mike Tarnawa and Kappa Marby Adams, John and Pat Kurtz, and many, many more.

The SPEs report a "Quiet Party" (??), which was slightly enlivened by the political outbreaks verging on riots led by Sig Ep. Rush Queen Ann Campbell, John Storey, ADPI Betty Barry, a personage known as Stonewall Morrow, Theta pledge Betty Graves, and many more. Can't understand all the excitement personally. I still go Pogo.

Hark! Even sororities are having parties these weary Saturday nights. Chi Omegas gathered at the house of Boots Miller for a Bermuda party with music by a combo composed of Helen Niles and Pat Stanner on the uke and HATCHET editor Ernie Auerbach on clarinet.

Have heard some mad rumors of fraternities being unable to find their pledges. Seems as though several bright-eyed, busy, bushy-tailed young bird brains forgot to put their names on their ballots. Now back when I was a pledge. . . .

Understand the floors of the AEPi house are now stained with the blood of pledges. Bob Lipman and Saul Liebowitz who were foolish enough to take on brothers Rappaport and Reinsdorf in a wrestling match after football practice. What I can't understand is why they don't make the pledges clean it up. After all, it's their blood.

Enough of all this rot. I'm going back to Brownie's. First though, I want to thank those cool individuals from Sigma Chi and SPE who every Sunday faithfully send carrier pigeons to my dusty old box with news of Saturday blasts. Cheerio, for now.

EGGHEADS' CORNER

by
Al Rode

• AFTER A HECTIC eight days that stirred normally-indifferent New Yorkers from Yonkers to Flatbush, the Series was finally over. Ike was free to return to the cares of the nation without arousing irate baseball fans, the Cabinet could meet again at Burning Tree, and Adlai Stevenson stepped gingerly back into his fighting trunks to challenge a reluctant administration to another round.

As befits two disconsolate Dodgers, J. Pinkerton Higgins and I were drowning our sorrows in eight-cent cups of coffee at the Union.

"It was almost as if Berra could read Newcombe's mind," I said. "Two strikes on him and he slams the ball over the right field fence—twice in a row!"

Higgins, a recent convert to the diamond sport, perked up his ears. "That's an interesting point. Maybe he could read Newcombe's mind!"

J. P. was trying to get us back on the culture track; you could almost hear the little gears whirling. "What are you getting at?" I asked.

"You've heard of E.S.P., haven't you?" said Higgins.

Here was my chance to raise my stock with the eggheads. "Sure," I said, "that's extra-sensory perception. Some guy named Rhine has been conducting experiments down at Duke University to prove that certain people are able to read minds or something like that."

"Well, that's almost right," he conceded. "Actually, he is trying to show the unknown powers of the mind. As a matter of fact, one of his assistants once tested me when I was a student down there."

Normally, I wouldn't have believed a word, but Pinkerton (named after his maternal grandfather, who started the detective agency) had been in so many different schools that it was at least fairly possible.

"So?" I asked. "Is you is or is you ain't an Esper?"

Higgins fished a cancer-stick out of his pocket, lit it, and slowly exhaled. "I, my boy, am the espier Esper in the world. In fact, I scored higher on the card-reading test than anyone they used."

I tried to throw an emergency smoke screen over my thoughts. After all, Higgins thinks I'm his (See EGGHEAD, Page 5)

Friendliness, Enthusiam Make Bev Outstanding

by Judy Jaffe

• **"THIS YEAR'S HOMECOM-
ING** will be the greatest this Uni-
versity has ever seen! I guaran-
tee it!" declares Bev Borden, co-
chairman of the 1956 Homecoming
weekend.

"Friendliness is the keyword at
G. W. and this can be perpetuated
at Homecoming where people can
mix with old and new friends. We
want to see every student, faculty
member and alumnus get together
to create unity," she emphasizes.
Bev, with her "Foggy Bottom
voice," as she calls it, is a good
one to talk of friendliness and en-
thusiasm. She is the personifica-
tion of these traits.

Sorority Prexy

In addition to being president
of Pi Beta Phi, social sorority,
and vice-president of Mortar
Board, senior women's honorary,
Bev has been a member of the
University Dramatic Advisory
board for the past three years
and has starred in many dramatic
productions.

This busy senior is also active
in Big Sis and Delphi. Last year
she was Student Council freshman
director, co-chairman of Colonial
Cruise with Joe Hince, and presi-
dent of WAA. For her many ac-
tivities, her scholastic standing
and innumerable contributions to
the University, Bev was named
outstanding junior woman.

Lacy Garter Recipient

In her sophomore year Bev was
awarded the Lacy Garter by Gate
and Key, honorary for outstand-
ing fraternity men.

A dramatic arts major, Bev
plans to attend law school on a

BEV BORDEN

Homecoming Co-chairman

part time basis next year. After
graduation Bev will become the
June bride of Bill Dunning. With
dimples showing she says enthusi-
astically, "He's neat!"

About the University she ex-
claims, "I love it!" Bev, who
comes all the way from Piedmont,
California, has apparently carried
some of her enthusiasm for the
University home, because five of
her friends from Piedmont—and
of course, her sister Bonnie—are
now attending the University. In-
cidentally her father received his
LLB and LLM from the Univer-
sity's law school in 1925.

Her most interesting experience
came this past summer when she
worked at the Republican Con-
vention as a hostess at delegation
parties and at the governor's ball.

EGGHEAD

(Continued from Page 4)

buddy and I hate to have him
messing around in my head. You
see, there's this girl he's been
dating every Saturday night, but
what he don't know about Thurs-
days and Fridays won't hurt him.

I was really concentrating on
not thinking at all; and doing
pretty well, when Higgins started
talking and I let my guard down
a little.

"They took me in this little
room with a desk in it and sat me
down in a chair, facing a high
partition. On the other side was
the assistant.

"The way they explained it, he
was going to flip over twenty-five
cards. Each of the cards had one
of five symbols—a star, a circle,
a cross, a square and a diamond.
As he turned them over, I was
supposed to write down the sym-
bol that came into my head."

"Well, what happened?" I asked.

"It was amazing," J. P. said
modestly. "I guessed all twenty-
five correctly."

"But that definitely shows that
you are a mind-reader!"

"Well, that's what Dr. Rhine
thought at first, too," Higgins
smiled. "When he found out that
his assistant and I used to be
fellow-shills in a joint in Las

Vegas, he had to revise his reports
somewhat."

"You mean . . ."

Higgins looked at me sternly.
"You know I don't believe in
cheating. After all, I also went to
the University of Virginia. But
this buddy of mine had been look-
ing for three years for somebody
that could guess even six cards
right out of twenty-five. It was
only my duty to help him out."

"I am shocked!" I said. "I
didn't think you were that type."

Higgins smiled. "Only trying to
keep everybody happy. The assist-
ant got an A, Dr. Rhine was
pleased and I was famous."

"But you set back science a
hundred years!" I said.

J. P. peered at me over his
glasses, a cynical little smile on
his lips. "Did I? We can discuss
that some other time."

I got up to leave, my faith in
Higgins and in humanity shattered
beyond repair. As I walked by his
chair, J. P. grabbed me and turned
me around.

"Like I said, maybe we can dis-

ENGINEERS

BOEING AIRPLANE COMPANY

WILL CONDUCT PERSONAL INTERVIEWS
ON CAMPUS

October 30

Boeing has many positions open for graduating and graduate students.
These opportunities are in all branches of Engineering (AE, CE, EE, ME
and related fields). Also needed are Physicists and Mathematicians with
advanced degrees.

Fields of activity include Design, Research and Production. Your choice
of location: Seattle, Washington or Wichita, Kansas.

Personal interviews will cover the details of openings, the nature of
assignments, Company projects currently in work, and miscellaneous infor-
mation about the Company.

Come and learn about the excellent opportunities with an outstanding
Engineering organization—designers and builders of the B-47 and B-52
Multi-Jet Bombers; America's first Jet Transport, the 707;
and the Bomarc IM-99 Pilotless Aircraft.

For personal interview appointments—consult your

Display Stresses Household Toxics

● DID YOU KNOW that there is cyanide in silver polish and carbolic acid in ink?

The presence of toxic agents in household articles was the subject of a window display entitled "Safety in the Home" exhibited last week at the University book store.

Prepared by the executive council of the University School of Pharmacy, the display was coordinated with the annual observance of National Pharmacy Week, October 7 through 13. Al Kaufman, Pharmacy School senior, prepared the exhibit.

The project was the first of the year of the University branch of the American Pharmaceutical Association. As in past years, a photograph of the exhibit will be entered in national competition sponsored by the association.

Prom Petitions

● PETITIONS FOR CO-CHAIRMANSHIPS of the Senior Prom, being re-established by the Student Council, are now open. Students interested in these positions may apply at the Student activities office in the Student Union annex. Petitions close November 1.

Sponsors Schedule First Cadet Mixer

● THE FLYING SPONSORS will hold their first social exchange of the year with the cadet staff of the AFROTC tomorrow.

The exchange is to be held in the cadet lounge of Chapin hall from 12 to 12:45 p.m. During the year exchanges will be held with freshmen, sophomore, junior and senior cadets.

Goat Show Drafts Due In By Friday

● THE ANNUAL GOAT Show presented by Junior Panhel will be held in Lisner auditorium at 8:30 p.m., November 16.

Rough drafts for all Goat Show skits must be submitted to Miss Virginia Kirkbride, director of activities for women, by Friday.

Skits are limited to eight minutes and are judged on the basis of originality, presentation and adaption to the theme. Three cups are awarded each year to the pledge classes placing first, second and third.

Another feature of the show is a poster contest. Each sorority pledge class must submit one poster to the office of women's activities. The winning poster will be placed on the bulletin board in front of the Student Union to publicize the program. The other posters will appear throughout the University.

Bulletin Board

Glee Club, Chorus Hold Final Tryouts

● FINAL TRY-OUTS for the Glee club and Messiah Chorus will be held this Thursday, noon to 1:30 p.m. and 7:30 to 9 p.m., in the Dimmock room of Lisner auditorium. Presentation of the Messiah is presently scheduled for December 17.

● ALPHA THETA NU, scholarship holders' service organization, will meet at 7:30 p.m. Thursday in Woodhull C.

● THE SAILING CLUB will meet in the club office in the Student Union annex at 8:30 p.m. tomorrow. New officers of the club are Ed Reynolds, commodore; Pete Gianukakis, vice commodore; Jane M. O'Brien publicity chairman; Rick Davies, social chairman; Ann

Campbell, secretary and Bob Bowen, treasurer.

● ALPHA LAMBDA DELTA, freshman women's honorary, will meet at 8:30 p.m. Thursday in Woodhull house. The agenda includes discussion of dues and Cherry Tree pictures. The group will initiate new members at 2 p.m. Sunday in Woodhull house.

● THE CANTERBURY CLUB, Episcopal students' group, will sponsor a service of Holy Communion at 8 a.m. tomorrow in building O. The group will meet for lunch at 12:30 p.m. Thursday in building O. The weekly evening service will be held at 7:30 p.m. Sunday in Woodhull house. The program includes a lecture, discussion and refreshments.

● FUTURE TEACHERS OF America will hold a business meeting at noon tomorrow in Monroe 102. The agenda includes discussion of the group's fall program and appointment of committees. The meeting is open to all prospective members.

● THE ENOSINIAN DEBATING society will hold a business meeting at 3 p.m. tomorrow in studio A of Lisner auditorium.

Melpar to Interview Engineers, Physicists and Mathematicians

One Of Nation's Leading Electronic Firms Offers Unique Opportunities

Mechanical and electronic engineers, as well as those majoring in physics and math will want to investigate the unusual opportunities for rapid professional growth and advancement offered by Melpar, Inc., one of the Nation's leading electronic research and development organizations.

A subsidiary of Westinghouse Air Brake Company, Melpar is now engaged in a program of expansion involving both increases in staff and facilities. The organization's headquarters laboratory is located in Fairfax County, Virginia, only 10 miles from Washington, D.C.

No Formal Training Period At Melpar

The college or university graduate who joins Melpar is not required to undergo a formal training program. Instead he immediately becomes a member of a project group and is assigned to work with an experienced engineer whose guidance and assistance enable him to advance rapidly. Members of Melpar project groups gain experience in all phases of engineering problems by free and frequent interchange of ideas during group meetings. Such experience is valuable in leading to eventual managerial responsibility.

Financial Assistance Offered by Melpar for Graduate Work

The list of universities located near Melpar laboratories that offer graduate and undergraduate courses in engineering subjects includes: Georgetown University, George Washington University, American University, Catholic University, University of Maryland, University of Virginia, Harvard, Massachusetts Institute of Technology, Northeastern University, and Boston University. Melpar offers financial assistance for study at these distinguished schools.

Melpar Locales Offer Fine Living Conditions

Melpar's R & D operations are centered near and in Washington, D.C. and Boston, Mass. Both are rich in cultural and educational facilities. The Washington, D.C. area in which Melpar's headquarters laboratory is located is within easy driving range of beaches, lakes, mountains, as well as other recreational and scenic points. The climate allows outdoor recreation 215 days of the year. Fine homes and apartments in all price ranges are readily available.

Melpar's Boston area plants allow engineers to enjoy the pleasant tempo of New England living coupled with Boston's splendid cultural and educational advantages. Melpar pays re-location expenses.

Booklets Available

An attractive, fully-illustrated booklet describing living conditions prevailing in the Washington, D.C. area can be obtained from your campus Placement Officer.

Performance Determines Advancement At Melpar

At Melpar there is no waiting period for "automatic" advancement. Instead, an engineer, regardless of his age or tenure, may move ahead as rapidly as his skill and performance dictate. Each engi-

neer's achievement is reviewed at least twice a year. In this manner engineers deserving advancement can be quickly "spotted" and promoted. As soon as an engineer is ready for more complex responsibilities they are given him.

Qualified Graduates Offered Paid Inspection Trips

After a personal interview on their campus, qualified candidates may be invited to visit Melpar's headquarters laboratory near Washington, D.C. at Company expense. Information on opportunities available for graduates together with details on living conditions in the Washington, D.C. area is available by simply writing: Mr. William Schaub, Melpar, Inc., 3000 Arlington Blvd., Falls Church, Virginia.

Many University Courses Offered At Melpar's Main Lab

Melpar staff members, both holders and non-holders of degrees, may take advantage of the many fully-accredited courses in engineering subjects which are offered at Melpar's headquarters laboratory.

Company Policies Geared To Engineer's Needs

Melpar's personnel policies emphasize individual consideration, objective treatment, and opportunity based on ability. Specifically, these policies are implemented by promotion from within, wherever possible, merit reviews that are truly meaningful, work assignments in keeping with the engineer's most obvious capabilities.

In addition, of course, the Company makes available to each of its staff members a wide program of company benefits, including group insurance with life, sickness, hospitalization and major medical expense features, a retirement plan, and provides for paid sick leave, vacations and holidays.

Salaries at Melpar compare most favorably with those of the industry as a whole.

Melpar Expanding Steadily Every Year

Founded in 1945, Melpar has doubled in size every 18 months for the past 11 years. Recently it completed erection of a complete new headquarters laboratory near the Nation's Capital, and is presently making substantial additions to its Watertown, Mass. laboratory (6 miles west of Boston), and to its research department in Boston.

Located on a 44-acre landscaped tract, Melpar's main laboratories encompass over 265,000 square feet under a single roof. Fully air-conditioned, they are equipped with every facility. In addition to the new, ultra-modern headquarters plant, Melpar maintains additional facilities in Arlington, Virginia, Boston and Watertown, Massachusetts, encompassing a total of 460,000 square feet.

Challenging Openings Available At Melpar In Many Fields

Engineers who join Melpar may choose their assignments from one or more of these challenging fields:

Flight Simulators • Radar and Countermeasures • Network Theory • Systems Evaluation • Microwave Techniques • Analog & Digital Computers • Magnetic Tape Handling • UHF, VHF, or SHF Receivers • Packaging Electronic Equipment • Pulse Circuitry • Microwave Filters • Servomechanisms • Subminiaturization • Electro-Mechanical Design • Small Mechanisms • Quality Control & Test Engineering.

Members of Melpar's research and engineering staff are ably supported by many designers, draftsmen and technicians. Coordinated supporting services include a chemistry laboratory, a quality control group, an environmental test laboratory, a number of shops, and other specialized facilities.

Make Appointment Now For Melpar Interview, Nov. 2nd

To secure an appointment with the Melpar representative when he visits your campus, contact your Placement Officer today. At the same time ask him for booklets on Melpar and the Washington, D.C. area. We believe you will find them of unusual interest.

● UNIVERSITY FLAGS FLEW at half mast October 8 and 9 in memory of Dr. George Bain Jenkins, professor of anatomy at the University from 1920 to 1941. Dr. Jenkins died of a heart attack October 6.

Dr. William Cabell Van Vleck, dean of the University Law School from 1924 to 1943, died last Friday night in Suburban Hospital. An alumnus of the University, Dr. Van Vleck held the honorary degree of doctor of laws and an Alumni Achievement award, both conferred upon his retirement as dean. The Law School's Van Vleck Case club is named in his honor.

Enrollment Group Promotes Guides

● THE STUDENT ENROLLMENT committee will meet at 10 a.m. Thursday in the conference room of the Student Union annex to discuss plans for the coming year.

Petitions for membership on the committee will be open through 5 p.m. this Friday. Blanks are available in the student activities office in the Union annex.

The group's plans for the coming year include promoting its campus guide service and providing each area high school with a representative from the University to inform prospective students of such events as Career Conference, Activities Fair, dance concerts and drama productions.

HOMECOMING Football Contest

THE HATCHET and the Homecoming Committee are sponsoring the following football contest under the management of the HATCHET sports staff.

Any student of George Washington University is eligible to enter and may submit as many entries as he wishes. All entries must be submitted, however, on the official HATCHET entry blank.

Entries may be placed in contest boxes located in (1) the Student Union lobby, (2) the HATCHET newsstand in Monroe hall, and (3) the HATCHET newsstand in the Hall of Government.

Each entrant should circle his choices of winners in the ten games selected from Southern and Atlantic Coast Conference hits, area and representative national contests. If the entrant feels the game will end in a tie, he should check the appropriate blank.

Each entrant should pick the score of the George Washington game, noting it in the appropriate blanks at the top of the contest sheet.

The winner or winners will be judged on the most correct games and the closeness of the spread of points to the actual spread in the G. W. game. (In cases of ties, duplicate prizes will be awarded.)

All entries for this week must be in the contest boxes by Friday at 12 noon.

The winning prize will be a ticket for the Homecoming Ball, October 27.

PIKA, Newman Club Win In Touch Football Openers

• THE INTRAMURAL football season opened Sunday with 22 teams competing.

The results of the first week's action are: League A—PIKA 41-KA 0; Sigma Nu (A) 7-SPE 0; Newman Club 26-AEPI 0. League B—DTD (A) 7-Theta Tau 0; Delta Theta Phi 25-TKE 0; Med School 13-TEP 0. League C—Phi Alpha 32-Law School 0; ROTC 6-Sigma Chi 0. League D—SAE 40-Sigma Nu (B) 0; Phi Sigma Kappa 12-Kappa Sigma 0.

Some highlights:

The Pikes presented a well-

balanced attack with six different men crossing the goal line. Their weight and depth were too much for the Kappa Alphas to overcome.

The Newman Club scored one touchdown in every period to overwhelm Alpha Epsilon Pi.

Phi Alpha displayed a bruising running attack as they smothered the Law School. Out to repeat as intramural champions, Phi Alpha, led by Mert Lynn's runs of 85 and 50 yards, couldn't be stopped as they completely outplayed their opponents.

Monk Casper Is Second Winner

• MONK CASPER is the second winner of the football contest sponsored by the HATCHET sports staff and the Homecoming committee.

Monk submitted nearly one-fifth of the 100 ballots, but the endeavor paid off as his entry won out. He picked twelve games correctly, missing the Minnesota-Northwestern tie, Lehigh's upset of VMI, and Southern Methodist's loss to Duke. Monk's score for the G. W. game was for the Colonials to win, 20-13.

By winning the contest, Monk will receive a ticket to the Homecoming Ball, October 27. He is in the Columbian College and a member of Phi Alpha fraternity.

Colonials Battle Keydets At Home Friday Evening

by Bill De La Vergne

• THE KEYDETS from V.M.I., one of the youngest teams in the nation, will invade Griffith Stadium Friday night to tangle with the undefeated Colonials.

The Keydets have a squad which barely averages 19 years of age. Of the 42 varsity players, 26 are sophomores, 11 are juniors and only 5 are seniors. However, from the ranks of the 26 sophomores, 17 saw some varsity action last year, and 3 will probably start against the Colonials.

A combination of a poor middle defensive line and lack of a consistent scoring punch were the two big problems for the Keydets last year. Their opponents averaged almost 26 points per game, while the Keydets could produce only a little more than 8 points per game. This year Coach John McKenna seems to have partly solved these weaknesses. In their opener, they started out on the right foot by blanking Stetson University 47-0, but in their following games they lost Virginia 18-0 and Army 32-12 before upsetting Richmond 36-20. Last week they were upset by Lehigh 27-20.

All-Conference candidate Bobby Jordan, who has scored seven touchdowns so far this season, will be the Keydets big threat this Friday, along with Sam Woolwine, hard charging fullback, who averaged almost 5 yards per carry last year as a sophomore. These two will lead a backfield regarded by Coach McKenna as one of the most promising in recent years.

The Keydets have 10 linemen returning that earned letters last year and Coach McKenna can start a veteran line that consists of ends Billy Elmore and Chuck McLennan, tackles Jim McFalls and Bob Rader, guards Carl LeBourdais, and Lou Farmer, and center Jerry Borst.

The G.W.-V.M.I. series date back to 1897 with the Keydets having a 7-3-1 edge over the Buff.

Schedule

October 19, V. M. I., Home.
October 26, Wm. & Mary, Home.

Looney Throws Two TD Passes In Buff's 20-20 Tie with Boston

by Paul Truntich

• THE COLONIALS put on their best and, at the same time, worst offensive show of the season Saturday night as Boston University came from behind to tie the Buff, 20-20, in Boston.

With Ray Looney pitching touchdown passes to ends Bill Berry and Paul Thompson, and Mike Sommer running like the Sommer of old, G. W. had its best offensive punch of the season, outgaining Boston 267 yards to 215, and racking up 17 first downs to only nine for the Terriers. But on the debit side, the Buff lost four fumbles, had three passes intercepted, and messed up on a punt attempt which led to the tying Boston touchdown.

In fact, a Colonial fumble resulted in a B. U. score right off the bat. G. W. fumbled on its own 43 the first time they had the ball, and Larry Fennessey streaked 40 yards down the sidelines on second down to put Boston ahead with only a few minutes gone of the first quarter.

The Colonials still looked like a good bet early in the fourth quarter, being ahead 20-13 and having stopped B. U. cold in the second half, when Pete Spera went back in punt formation with the ball on the G. W. 28-yard line. The turning point of the game occurred when Marion Hoar sent the ball sailing over Spera's head, with Pete retrieving the ball in the end zone and running it out to his 29. Boston took over and in six plays had the game all tied at 20-20.

After Boston jumped to its quick 6-0 lead, G. W. took the ensuing kickoff and marched 66 yards to go ahead, 7-6. Sommer gave an indication of what was to come

as he took the ball and bulled his way 31 yards to the 34. On second down Sommer took a pitchout from Looney and passed to Austin for 17 yards to the B. U. 47. Mike was in the picture again as he picked up three and 12 yards to drive to the 30 for another first down. Bo Austin, who was a pile-driving fullback Saturday night, picked up two, and Dick Claypool streaked for 10 yards to the 18. Sommer was hit for a four-yard loss but Looney flipped a 22-yard scoring pass to Bill Berry to even up matters.

G. W.'s second touchdown was set up by Ray Murray's interception of a Terrier pass in the second period. Murray appeared to be heading for a score, but was caught from behind on the B. U. 18. Spera got 10 yards and Colna four to move down to the seven-yard-line. Colna drove to the one and Spera went over on the next play.

But lightning struck as the Terriers stormed back to knot the game in the last second of play. A couple of Hill passes combined with a crucial 15-yard penalty against the Colonials put the ball

on the Buff 21-yard line. On second down Phil O'Connell eluded a swarm of would-be tacklers and hit Larry Fennessey in the end zone for a TD with only a second to go in the first half.

Looney took the second half kickoff back to his 35 and proceeded to lead the Buff 65 yards for a TD. Sommer dashed for six and Austin picked up four to the 45 and a first down. With fourth and one to go on the B. U. 46, Austin crashed three yards for the necessary yardage. After two line plays, Looney passed to Thompson for 12 yards to the 25. G. W. was rolling as Claypool hit for four and Austin blasted through the Terrier line for 14 yards to the seven. Sommer charged for three more, but Austin was held for no gain. On third down Looney threw a four-yard pass to Thompson for the touchdown.

The Colonials stopped Boston cold in the second half and appeared to be heading for their fourth consecutive victory. Nothing seemed out of the ordinary when Spera went back to punt on fourth down, but the poor snap from center led to a Terrier touchdown.
